
Title: Virtue

Author: Aeon

The prophesies fortell
a time when one among
us will follow the
eightfold path of the
virtues, to attain an
enlightened state,
becoming the 'Avatar'. It
is written
of ultimate wisdom that
the eight virtues are
composites of three
fundamental principles;
Truth, Love, and Courage.

These three combine
to render all that is
encompassed by Infinity,
or, as is written in the
ancient texts;

...

In my journeys to 'Terark
Skitas', the temple of
knowledge, I discovered
that the ancient ones
also acknowledged another
triad of principles, from
which nine additional
virtues emerge.
The three ancient
principles are Chaos,

Order, and Balance.

Chaos Virtues:

Tolerance,

Enthusiasm, Emotion

Tolerance -

that which encourages acceptance of all things.

Enthusiasm - the

energy that allows one to perform great tasks.

Emotion - the ability

to perceive those

feelings that come

from the heart, as

opposed to those of logic.

Order Virtues:

Ethicality, Discipline,

Logic

Ethicality - the belief

that there is value in

abiding by rules of conduct.

Discipline - the drive

to complete a task and

avoid the distractions

that can prevent its

completion.

Logic - clear reasoned

thought, free from

instinctual biases.

Balance Virtues:

Harmony = Tolerance

+ Ethicality

Dedication = Discipline

+ Enthusiasm

Rationality = Emotion

+ Logic
